Leaders' Responsibilities

First Aid – While you are at camp, you, the leaders, are responsible for first aid. We advise you to have leaders with first aid certification available for emergency care. You are responsible for bringing your own first aid supplies and we ask for you to ensure that there are enough medical supplies for any planned activities. Camp Wyuna staff are trained in first aid and CPR and will use their training if needed, but your leaders are the primary resource.

Consumption of Alcohol – Alcohol consumption **MUST** be approved by YMCA Geelong CEO in advance. Leaders must ensure that YMCA Geelong's Alcohol Use Policy is adhered to by all guests. Group First Aider alcohol reading is under legal driving limit.

Campers' Medications – are the responsibility of the leaders. Camp Wyuna's staff are not responsible for or allowed to administer medication to camp participants.

Emergency Transport – A car is to be provided by your group, along with a non-drinking driver, to transport any guest in the event of an emergency if he or she needs transport to/from the doctor/hospital. In the event that an ambulance is called, the school is responsible for providing someone to ride with the guest to the hospital. Emergency contacts and numbers are included at the back of this booklet.

Camper Code of Conduct – While you are at camp, leaders are responsible for ensuring all guests follow the camper code of conduct.

Activities – Leaders are responsible for the supervision and behaviour of guests during activities, where applicable. We ask that leaders work with YMCA staff to ensure the program is delivered effectively and as scheduled. The YMCA camp staff are responsible for conducting activities in a safe and responsible manner and to work with your group to achieve the desired activity outcomes.

Duty Groups – Guests are required to participate in duty groups 15 minutes before, and after meals (particularly breakfast and dinner). Camp kitchen staff will assist to coordinate tasks.

Incident Reporting - The YMCA Camp Wyuna Manager (or one of the camp staff) must be notified of any accidents requiring medical attention, incidents requiring follow-up, and accidents regarding camp safety that were not attended to by Camp Wyuna staff member. A report will be completed on all incidents.

Camp Clean Up – On the last morning of camp, it is the responsibility of the leaders to supervise the final clean up including vacuuming, tidying of all bedrooms and bathrooms, and checking that all areas/rooms/grounds are free of gear & rubbish.
