YMCA Geelong - Family and Friends Policy

1. INTRODUCTION

YMCA Geelong (“the YMCA”) is committed to providing a harmonious work environment that supports a positive workplace culture, a safe work environment and consistent and equitable human resource policies and practices.

This policy is designed to ensure recruitment and selection processes are procedurally fair, transparent and ensure that the best person for each position is employed. Furthermore, the policy works to ensure reporting lines are clear and Human Resources practices are free from conflict of interests. Fair, consistent and equitable treatment of all employees is essential to building and maintaining harmonious employee relations and upholding employee rights.

2. POLICY

Employees are required to declare a personal relationship where relevant.

- 2.1 To maintain integrity of staffing decisions, employees are not to participate in recruitment and selection, promotion or transfer decisions where they have a personal relationship with an applicant.
- 2.2 Employees with a personal relationship should not be involved in a supervisor / subordinate relationship, as unbiased judgements are required and conflict of interests can occur. In circumstances where this is impractical, the reporting relationship must be approved by the General Manager / CEO.
- 2.3 Personal relationships shall not prevent hiring, promotion or reappointment; provided, however, that no employee shall be under the direct supervision or control of a person with whom they share a personal relationship, and where this is impractical, the reporting relationship must be approved by the General Manager / CEO.
- 2.4 Under Anti-Discrimination legislation it is unlawful to disadvantage a person or organisation on the basis of marital status or other relationships. It is therefore unlawful for YMCA Geelong to seek information on the relationship status of applicants for positions and/or give any consideration to this factor in employment, promotion or transfer decisions.
- 2.5 The existence or knowledge of a personal relationship is not to improperly influence the actions or conduct of any employee in the performance of their job. Where a personal relationship affects the effectiveness or efficiency of the YMCA, or where employees abuse the responsibilities of their position, normal disciplinary procedures will apply.
